EDUCATION

Noida Institute of Engineering Technology

B.Tech in Computer Science Engineering (8.81 CGPA)

Gr. Noida , India

Oct 2023 - Jul 2027

Sunbeam School

Senior School Certificate Examination (Class XII)(76.0%)

Sultanpur, India

Apr 2020 - Jul 2022

Sunbeam School

Secondary School Examination (Class X)(89.8%)

Sultanpur, India

Apr 2018 - Jul 2020

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, R.
- **Web Development:** HTML, CSS, React.js, Node.js .
- **Databases:** MongoDB, MySQL.
- **Developer Tools:** VS Code, Git, GitHub
- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming (OOPs), Database Management Systems (DBMS), Operating Systems, Data Analytics.

EXPERIENCE

Prasunet Company

Web Development

Gr. Noida , India

Jul 2024

PROJECTS

AI Powered Rail Madad System

[GitHub]

- * Built a full-stack Railway Complaint Management System with secure complaint submission, evidence upload, real-time tracking, and role-based authentication to improve transparency and response time.
- * Developed scalable Flask + MongoDB backend APIs and an admin dashboard for filtering, managing, and resolving complaints efficiently using a clean modular architecture.

Weather Forecast System

[GitHub]

- * Built a weather forecast web application that fetches and displays real-time weather data and forecasts for user-searched locations using public APIs.
- * Implemented a responsive UI with a clean, modular architecture, integrating frontend components with backend logic to ensure efficient API handling and maintainability.

CERTIFICATIONS

- * **EnglishScore Certification CEFR B2:** Core Test, Writing Test **CEFR B1:** Speaking Test
- * **Introduction to MongoDB (For Students)** MongoDB University
- * **Design Thinking for Innovation** Coursera

ACHIEVEMENTS

- * **Smart India Hackathon (SIH):** Participated in the national-level SIH hackathon, contributing to innovative solutions for real-world problem statements.
- * **AI Coding Challenge (College Level):** Secured **3rd place** in a competitive AI-based coding challenge conducted at the college level.
- * **Adobe India Online Hackathon:** Successfully participated in Adobe's online hackathon, demonstrating creativity, teamwork, and rapid problem-solving skills.
- * **Naukri Campus Young Turks 2025:** Successfully participated in Naukri Campus Skill Contest, demonstrating excellent analytical reasoning, numerical ability, and logical problem-solving skills.
